

Our client is an Italian producer of metal stamping parts for household appliance and automotive. The company has 2 plants in Poland located in the area of Wrocław with + 300 people employed. Due to further development of projects, is necessary to hire a new Project leader to following the growth of business. He/she will be responsible for the coordination, implementation, execution, control and completion of specific projects ensuring consistency with company strategy, commitments and goals.

Position: SENIOR DIE DESIGNER FOR METAL STAMPING (AUTOMOTIVE)

Location: area of Wrocław

Responsibilities:

The die designer sought will manage the die design process A to Z: from the beginning with the customer part print through to a fully reviewed design before prototype. He/she will be Design high-precision progressive stamping dies for high-volume production of complex tight-tolerance products accordingly to automotive standards. This includes, but is not limited to: generate flat blank, develop strip layout, blanking and forming station layout, detail component and assembly drawings, etc.

Main tasks:

- Create and modify Material Specifications, Plating Specifications, and other outside material/process specifications as required.
- Process data layouts for use in CNC machining.
- Create and modify internal product drawings for inspection and other purposes.
- Design fixtures, gauges and other custom tooling or equipment as required.
- Review customer drawings and specifications for manufacturing feasibility.
- Initiate and/or coordinate change control process (ECO) relating to Engineering documentation.
- Participate in Tooling Kick-off, Specification Review, Design Review
- Provide technical assistance to Tool room regarding tooling and process issues during die fabrication and debugging.
- Jointly responsible for successful transfer of tooling to manufacturing along with Tool room and Project Engineering functions.
- Responsible for adherence to tooling project schedules and budgets as established by Project Engineering and/or Stamping Design Manager.
- Initiate and/or coordinate outsourced tooling work with qualified tooling subcontractors. Ensure accuracy, quality workmanship and on-time delivery of outsourced tooling components.
- Review stamping die cost estimates for accuracy.
- Instruct and mentor Junior Die Designers.
- Other duties as assigned by Stamping Design Engineering Manager or V.P. of Engineering.

Requirements:

- Minimum of 5-8 years of experience designing complex progressive stamping dies.
- Technical / engineering degree or equivalent experience in a hands-on technical position, such as tool & die maker may be considered as a substitute for degree.
- Proficient in Computer-Aided Design (CAD). At a minimum, must be familiar with at least one 2-D CAD design package (e.g. AutoCAD, SolidEdge, CadKey,), however, 3-D experience preferable (e.g. Solidworks, ProENGINEER/AUTOFORM).

- Understanding of ANSI/ISO drawing standards. Knowledge of GD&T dimensioning preferable.
- Demonstrated knowledge AUTOMOTIVE METAL STAMPING industry and practices.
- Basic understanding of the functioning of high-speed stamping presses.
- Knowledge of Wire EDM and/or CNC machining technologies.
- Knowledge of tool steels and their applications.
- Knowledge of commonly stamped metals such as cold-rolled steels, stainless steels and copper-based alloys.
- Understanding of die sensors, vision inspection, and/or related technology is preferable.
- Knowledge of insert moulding process desirable.
- Proficiency in Microsoft Word and Excel.
- Exceptional analytical and computational skills.
- Participate actively in a team-oriented environment.
- Good verbal and written communication skills.

What we offer:

- We provide competitive salary.
- We are an equal opportunity employer.
- We offer international environment with possibly to make impact on decision
- Career development

I hereby agree for the processing of my personal data by Guidi Consulting Sandro Guidi based in 32-031 Chorowice, Widokowa 28 street for the purpose of the present and future recruitment process in order to send job offer to my e-mail address given while applying for the position. I acknowledge that I have the right to access and rectify abovementioned personal data by sending an e-mail at kontakt@guidiconsulting.pl from the address to which the consent relates. Submitting personal data is voluntary, but necessary to accomplish the recruitment.).

INFORMATION CLAUSE

If you have ever participated in recruitment processes conducted by our Employment Agency Guidi Consulting Sandro Guidi, 32-031 Chorowice, ul. Widokowa 28, registered in KRAZ under number 13342, or you have ever sent us your CV, we process your personal data provided in the uploaded application.

The administrator of this data, reason and basis for processing and other information required by the RODO can be found in the Privacy Policy at this [link](#).

Your personal data is processed in order to carry out the recruitment processes conducted by our Agency and its Contractors (potential employers) for any position. In particular, personal data is processed in order to:

- *conduct and arrange a recruitment interview,*
- *verify the information indicated in your CV regarding the fulfilment of the conditions for participation in recruitment processes,*
- *keep a register of persons who have requested to delete their personal data.*

At any time, you may withdraw your consent by contacting employer at kontakt@guidiconsulting.pl

Your personal data specified in the Labour Code or in other specific acts (as required by the advertisement) are processed on the basis of legal regulations and their submission is necessary to take part in the recruitment process. We process other personal data (e.g. your image) on the basis of your voluntary consent, which you have given us when sending us your application and their inclusion shall not affect eligibility for the recruitment process.

We may also process your personal data included in your application to determine, pursue, or defend against a claim if the claim relates to our recruitment process. For this purpose, we will process your personal information in accordance with our legitimate interest to determine, pursue, or defend against claims in legal proceedings before the courts or government authorities.

You have the right to access your data, including obtaining copies of them, correcting them, demanding their deletion, limiting their processing, objecting to the processing and transferring the given data (for the processing of which you have consented) to another data controller. You also have the right to lodge a complaint with the General Inspector for the Personal Data Protection (in the future: the President of the Office for the Protection of Personal Data). Withdrawal of consent shall not affect the lawfulness of processing carried out on the basis of the consent prior to the withdrawal.

We process your personal data in order to conduct recruitment for the position indicated in the advertisement for a period not longer than 365 days from the moment of submitting your CV and when you consented to participate in future recruitment for a period not longer than 2 years from the moment of submitting your CV. In addition, we may retain your personal information for the purpose of establishing, pursuing, or defending against a claim related to the recruitment process for a period of up to 3 years from submitting your CV.

We will pass on your personal data to the potential employer. We do not transfer your personal data outside the European Economic Area.

If you have any questions, you can contact us or our Data Protection Officer at kontakt@guidiconsulting.pl

Due to the processing of personal data by Guidi Consulting Sandro Guidi, you have the right to:

- access to your personal data,*
- correct these data,*
- delete these data,*
- restrict the processing of these data,*
- transfer of data,*
- withdraw of consent at any time.*

In order to make one of the above, you can send an e-mail to kontakt@guidiconsulting.pl along with an appropriate statement.

At the same time, we would like to inform you that in the case of proven and justified non-compliance of data processing by Guidi Consulting Sandro Guidi with the Regulation, you have the right to lodge a complaint with the supervisory authority.

In case of further questions related to your personal data, please contact kontakt@guidiconsulting.pl .
